Wednesday, October 2, 6:00 PM "BRAIN HEALTH—USE IT OR LOSE IT"

People take care of health issues every day like their weight, their BP, blood sugars, and their joints. Shouldn't we also take care of our brains? Come join this interactive class as we look at interventions to improve our brain health.

Our speaker, Marsha Farrell, is a graduate of the University of North Carolina at Chapel Hill School of Nursing and is currently the owner of Marsha Farrell Care Consulting, LLC in Madison, AL. Marsha has certifications in both Pain Management Nursing and in hospice and palliative care. Since starting her company in 2016, Marsha has developed teaching tools for patients and families who are facing serious illnesses.

**Hosts are needed each Wednesday for our fellowship
suppers. Please sign-up on the bulletin board.**
